**WYBOO PLANTATION UTILITIES, INC. – APPLICATION FOR ADJUSTMENT OF RATES AND CHARGES FOR THE PROVISION OF WATER AND SEWER SERVICES.**

Wyboo Plantation Utilities, Inc. (“Wyboo” or the “Company”) has filed an Application with the Public Service Commission of South Carolina (the “Commission”) for an adjustment of the Company’s rates and charges, modifications of certain terms and conditions for the provision of water and sewer service, and request for Interim Order related to collection of a water service connection fee. Wyboo is a public utility, as defined by S.C. Code Ann. § 58-5-10(3) (Supp. 2005), providing water and sewer service to the public for compensation in certain areas of South Carolina pursuant to rates approved by the Commission in Docket Nos. 96-227-W and 97-391-S.

Pursuant to S.C. Code Ann. § 58-5-240 (Supp. 2005) and 26 S.C. Code Ann. Regs. 103-712.4A and 103-512.4A (Supp. 2005), the Company requests that the Commission approve an increase in its monthly water and sewer service, its sewer connection fee, and the establishment of a sewer Plant Impact Fee, and water Connection Fee and Plant Impact Fee. Also, pursuant to 26 S.C. Code Ann. Regs. 103-503 and 103-703, Wyboo proposes a modification to the terms and conditions of service set forth in its Schedule of Rates and Charges. Wyboo’s requested revisions include the addition of Notification and Account Set-up Charges, provisions regarding the billing of tenants for water and sewer services to comport with current S.C. Code Ann. § 27-33-50 (Supp. 2005), provisions related to the extension of Utility Services Lines and Mains, Toxic and Pretreatment Effluent Guidelines, and provisions clarifying the ownership, operation and maintenance of grinder pumps, step systems and solids interceptor tanks. Additionally, the Company proposes to add language requiring its customers to conduct cross connection testing and to add a charge for same if such inspections are undertaken by the Company to meet the requirements of 24A S.C. Code Ann. Regs. 61-58.7.F.8 (Supp. 2005). The Company also proposes to include a definition of single family equivalent by reference to applicable regulation.

In support of its request for an adjustment in the Company’s water and sewer rates, terms, and conditions, Wyboo asserts, among other things, that the proposed water and sewer rate increases are necessary in order that it may provide reasonable and adequate service to its customers, comply with standards and regulations set by the Department of Health and Environmental Control, and other governmental agencies which regulate the environmental aspect of the Company’s business, and earn a reasonable operating margin in order to borrow money and attract capital for future improvements. The Company also asserts that the proposed water and sewer rate increases are necessary to preserve its financial integrity and to permit continued investment in and maintenance of its facilities so as to provide reliable and high quality services.
